

Pastorless Multi-Staff Churches May 26 2009

These Southern Baptist churches have been reported as being without a pastor. While we verify information we still recommend further investigation. Smaller churches are not listed because they change more quickly and it is harder to get information from them. Frequently updated lists are found on the web sites.

Why Not Provide Mail Addresses?

We recommend that persons interested in contacting churches do so with some caution. Most Search Committees hesitate to consider unfamiliar resumes and prefer a personal letter of recommendation from a fellow pastor.

We use search engines which provide address information like www.anywho.com or www.switchboard.com. While we try to verify data the local Baptist association is the best source for updates.

This list is no substitute for the work of the Holy Spirit in guiding a church in calling a pastor and spiritual leader.

Thanks for your cooperation!
