

## PASTORS

### Our Vision for Incorporating Prayer

Pastor seeks personal holiness together with the remnant – the heart – the body of Christ, so that the body will be a noble instrument – transforming lives – saving sinners, sanctifying saints.

### Our Strategy for Incorporating Prayer

We will seek God's guidance in identifying the remnant and ask that remnant to hold each other accountable for personal holiness.

### Our Action Steps for Incorporating Prayer

- Commit to develop a personal prayer life that results in personal holiness leading to a deeper prayer life.
- Intentionally form an accountability with other pastors.
- Educate people in theology of prayer – who is God – how to pray – personal holiness and pray for revival.
- Evaluate corporate prayer ministry in church: quality prayer, quality time.
