Our Vision for Incorporating Prayer

Our vision is that women would allow prayer to permeate their lives to the extent that others are drawn to Him. Also, that we would experience a renewed commitment to missions praying.

Our Strategy for Incorporating Prayer

1. Involve every member in some aspect of missions praying.
2. Cover every region of the world with prayer.
3. Enhance weeks of prayer for missions.
4. Orient new church members to Southern Baptist Convention mission organizations.
5. Lead our women to pray for expanded mission educational programs.

Our Action Steps for Incorporating Prayer

1. Use printed highlights of missionary needs to pray for in a worship service.
2. Use video clips of missions in a worship service.
3. Publicize urgent prayer needs of missionaries.
4. Give handout of tips on how to pray for missionaries.
5. Publish specific missionary's needs for prayer.
6. Assign someone in each Bible study class to lead their class in praying for a region of the world.
7. Lead our churches to adopt a people group for prayer.
8. Encourage each family to adopt a missionary for prayer emphasis.
9. Use the missionary birthday calendar in Open Windows during the worship to encourage members to pray for them.
10. Utilize materials during special prayer seasons to focus attention.
11. Teach our congregations to use daily news to prompt us in prayer.
12. Challenge church members to identify three specific needs in their community and pray for them.
13. Allow time and opportunity in women's meeting for corporate prayer.
