

Bridge and Tables Painting Project

Background

Lake Sallateeska has been a resource for Illinois Baptist Churches since 1942 for summer camps and retreats. Over the many years it has been open, the camp has seen children and adults come to Christ and deepen their relationship with Him. Through faithful service of volunteers and staff, the camp has been able to provide a place where people feel comfortable, safe and relaxed and a place where people can connect with the Lord and each other. Due to the weather over the years, the camp bridge and picnic tables need to be repainted so that campers can enjoy them over the next several years.

Project

This project would consist of scragging of any loose paint followed by repainting. The following need to be repainted:

Mis

- Bridge
- Picnic Tables

Logistics

This project would be great for a group of youth and adults. Each of these projects could be completed in 1 day if worked on by a group of 2-5 volunteers. If a large group of 10-15 volunteers wanted to take on both projects as one large project, both could be finished in 1 day. This project will need to be done no later than May 31st but can be worked on anytime between March and May.

All materials for this project will be provided by the camp, including brushes, rollers, scrappers, paint and stain. Volunteers would need to wear clothes they can get dirty in and bring gloves if they want them.

Lodging is available at the camp for free. Snacks and drinks will be provided by the camp, but all meals will be the responsibility of the group. The camp can provide meals for \$7/meal/person if advance notice is given. There is also a kitchen available for groups that want to cook their own meals. Every project participant will receive a “Lake Sallateeksa Camp Volunteer” t-shirt and our gratitude for serving alongside us in ministry.

Contact: If you have questions about adopting this project please contact Brock Vandever (Camp Manager) at BrockVandever@ibsa.org or 618-318-9424.
