## BREAKOUTS

### Click to Connect

Discover how your church can move beyond the building and reach people where they scroll—online. This session will show you simple, effective ways to use digital tools to grow your presence, engage your community, and spread the gospel beyond Sunday mornings.

### AI for the Everyday Pastor

AI isn't just for tech experts—it's a practical tool that can help pastors and leaders do ministry more effectively. Learn how to use AI to save time, strengthen discipleship, and better connect with people in a digital age.
